

isolved Add-Ons

LEARN AND GROW

Boost engagement & performance

Engaging & easy-to-use

Tailored to your organization

This learning management system (LMS) can help your organization attract, develop, and retain top talent, upskilling your current employees to do their jobs more effectively as well as keeping your business compliant. Deliver a simple yet powerful training solution tailored to your organization. [Watch a demo here.](#)

ATTRACT AND HIRE

Job board integrations

Easy applicant screening

Background checks, HRIS, and more

Access fully integrated pre-employment assessments, background checks, and HRIS software with no integration fees to easily screen candidates and onboard new hires. Integrate with sites like Indeed.com and Glassdoor, plus take advantage of our “Quick Apply” feature so job seekers are able to apply right from within the job board. [Watch a demo here.](#)

SHARE AND PERFORM

Tools to easily share ideas

Stay aligned across departments

Live feed for collaboration

Deliver a better work life with a solution designed to improve the culture and engagement at your organization – all with the foundation of the mission-critical tools of payroll, time and attendance, and benefits.

With a personalized dashboard, easy-to-run internal surveys, and interactive organization charts, this human capital management system will transform your employees’ experience. [Watch a demo here.](#)

TIME AND ATTENDANCE

Streamline your time & attendance tracking

Easy-to-use for you and your employees

The isolved time and attendance system empowers you to collect and organize your employee time data simply and accurately. Functionalities include online time tracking, physical time clocks, and mobile time tracking. General Time, PTO, sick, and vacation (no clock in/clock out functionality) are all included. The additional add-on options are Virtual Timeclock, Virtual Timeclock & Scheduling, and Geofencing. [Watch a demo here.](#)

EXPENSE MANAGEMENT

Simplify expense reports

Creates efficiency

Quick turnaround for employee funds

To comply with regulations and ensure employees are spending within budget and according to expense policy, expense management technology provides visibility into what funds are coming in and out of the business... With the easy-to-use Adaptive Employee Experience, employees and managers can submit, oversee, and approve single entry expenses from anywhere in the world.

Administrators can get what they need quickly to ensure accurate processing with a single view of automated approval workflows, reporting, and more with the configurable system to meet the requirements of each organization's expense policy. [Watch a demo here.](#)

PREDICTIVE PEOPLE ANALYTICS

Identify growth opportunities

Be proactive against issues

Find ways to improve efficiency

isolved Predictive People Analytics is a powerful tool that ensures your operations run at peak efficiency. The comprehensive analytics will illustrate where you are today and your potential opportunities to sink or grow. You'll get an overview of trends to understand why they are happening, empowering managers to identify and address issues before they escalate.

When coupled with isolved People Cloud's data, the platform can provide managers comprehensive benchmark analytics to help them source and secure talent, with attrition prediction assistance to help with succession planning and can evaluate and carry out skill-to-need matchmaking to help ensure the right talent is recruited.
